Karmaveer Bhaurao Patil College, Urun-Islampur

Research Committee

Research Policy:

The research policy of Karmaveer Bhaurao Patil College Aims…

-To encourage a healthy and vigorous culture of research by creating an environment that is conducive to enriching and enhancing the competence of the faculty, supporting staff as well as students.

-To develop and promote a scientific temper and an aptitude for research among all learners.

-To establish an institutional fund and plan of action not only to support active research but also to facilitate participation in research and allied activities.

-To ensure that all research activities conform to applicable rules, standards and norms relating to safe and ethical conduct of research.

Scope of the Research Policy:

This policy shall apply to all the researchers of the college and for the purpose of this policy 'researchers' are defined to include

1. All staff, temporary and permanent, who are active in teaching, research, administration and provision of any form of support to the core functions of the college;
2. All students registered with the college;
3. All mentors, guides, external experts and sponsors associated with any of the research activities of the college
4. All academic and administrative departments of the college

Objectives:

1. To provide a framework for proper coordination of all research activities in College in alignment with the vision and mission of the institution.

2. To identify appropriate research opportunities of different academic, research, industry or government organizations as and when announced.

3. To provide guidance in the effective integration of research projects with curriculum implementation.

4. To encourage researchers (faculty and students) to publish research articles in recognized national and international journals.

5. To establish links with external research organizations to widen the scope of research opportunities and enhance funding from external sources.

6. To encourage teachers for industry/academic collaboration and consultancies.

7. To host conferences, seminars, workshops and invite guest speakers in order to encourage paper presentations and research sharing among the research community.

8. To organize workshops, training and sensitization programmes to promote a culture of research on campus.

9. To facilitate interdisciplinary research.

10. To identify, scrutinize and facilitate MOUs with industry, NGOs and other allied organizations to create opportunities for research.

11. To maximize funding support for research through external and internal sources.

12. To initiate an Institutional Research Journal, apply for ISBN/ISSN to encourage research publications.

13. To plan, execute and adopt a research code of conduct to inform researchers of the ethical and legal norms and principles to be followed in the conduct of research.
